

Brownie Troop 65030 is working on a Community Service Project to keep those in our community warm.

We are having a:

# Mitten Drive

From February 1<sup>st</sup> – March 1<sup>st</sup> we will be collecting NEW mittens, hats and scarves to help people in need. We need your support in making this a successful project.

No one likes to be cold in the winter so would you please help us keep people warm!

Please bring into school any NEW Hats, Mittens and/or Scarves. We will distribute them to people in our local community that need them.

**Thank you for helping us make a better community.**
