September 1, 2016

Dear Parents, Alumni and Friends,

We all know that St. John the Baptist School is a very special place. Simply ask each child who is loved, nurtured, challenged and truly known as an individual. Ask each parent who sacrifices every day so their children can receive an unparalleled educational experience. Ask the members of our community who have benefited from the generous charitable spirit of our school. Each and every person who has passed through our doors brings a unique perspective, background and set of experiences to our community and we know that we are richer for it.

St. John's continues to be blessed with talented, caring, and successful students, an outstanding staff, and generous families, alumni and friends. Our enrollment and programs continue to expand, giving our students every opportunity to grow and use their talents to the fullest. The Annual Giving Campaign provides the unrestricted funding that we need to enhance our programs because tuition alone does not cover the full cost of a St. John the Baptist School education. Your generosity makes a difference! Every dollar we raise sustains the excellence of a Catholic School education, and every member of our community who participates, demonstrates our collective commitment to our children's educational experience.

There are so many reasons to support this year's Annual Giving Campaign, including the 400 students who know they are the confident, kind and caring leaders of tomorrow, the 58 faculty and staff members devoted to making the most of every child's day, and a school community that always makes helping others a priority. Your fully tax deductible gift will help bridge the gap by

- Providing tuition assistance to families who might otherwise not be able to afford a St. John School education
- Ensuring the use of leading edge technology for teaching and learning
- Promoting educational innovation through faculty professional development and classroom resources
- Maintaining our building and grounds
- Planning for the future

For all of these reasons and more, I am asking you to consider making a gift donation to our campaign today. We encourage you to participate by contributing according to your own personal financial capability. Did you know that if every family, staff member and all alumni contributed just \$5, we would reach our fundraising goal for the entire year? Every gift, no matter the size, makes a difference! To give, please click on the highlighted link and log on to
