

Free and Reduced Meal Application and Information 2015-2016

The Massachusetts Family Household application package has a new look this YEAR. Attached are the NEW Massachusetts materials for households applying for free or reduced priced meals. The look of the application has changed, but the procedure is the same. If you have multiple students in your family, you only need to fill out one application. Be sure to list each student on the application. All applications must be filled out completely or they will be returned to you. If you have received a letter stating you qualify for free meals through the Massachusetts direct certification process, you do not need to fill out an application. You must fill out a new application at the beginning of each new school year to remain qualified for free or reduced priced meals. If you have not been approved for free or reduced meals in the prior school year, you may apply at any time during the new school year. All information contained on your application is kept strictly confidential so please do not hesitate to apply if you have a financial need. If you have any questions about the application or the school meals program, contact KRISTIN CONNOR AT (978)531-0444
