Remembering Alex Vitale

Erica Delisola

Sadly, on October 17, 2015, we lost one of our alumni, Alex Vitale. He was a very kind, loyal, and loving person who really made an impact on our school. His funeral was held the following Monday and the parking lot was filled with cars and busses. The church was filled to the max with friends, family, classmates, teachers, and more people who loved him.

The Vitale family has created a scholarship that will be given out each year to an incoming Malden Catholic freshman. Donations can be made through the website www.booster.com/alexvitale Please continue to pray for the family and may Alex rest in peace.

Veterans Day

Nina Tseitlin

Let's take a moment to remember all those who have fought, all those who have died, and all of those who have been wounded fighting for our country. They are all America's heroes. They have sacrificed their lives for us and have fought for peace in the world.

Time for Thanksgiving!

John Garuti

As we all know Thanksgiving is coming up. Thanksgiving is when we give thanks for everything that we have and pray for the less fortunate. A popular tradition on thanksgiving is to have turkey, mashed potatoes, stuffing, and gravy. A lot of people love to watch football and have pie.

I can't wait for Thanksgiving because I want to eat pie, cranberry sauce, and turkey. I know a lot of people love pie but most have to wait until later. I hope you all have a great Thanksgiving!!

Some people from the newspaper have relatives who have served the Military. Michael Dellisola, Robert Nazarro, and Joe Furtato served in the military and are close relatives to Erica Dellisola. Pete Ellem is a purple heart recipient and a relative of John Garuti. Caitlin Wade also has a relative who served in the Navy named Ron Wade. Kiara's dad, Dale, is also a veteran of the Army. Please continue to keep our Veterans in your thoughts and prayers.

Back to the 50's!

Michael Donahue

The student council is having a 50's Dance!

What 50's clothing can you can wear? a leather jacket, jeans, a skirt, a white t-shirt, or khakis. They will be serving hotdogs, burgers, and drinks. Make sure to get your tickets! We will be going and will let you now how it was!!

Math with Mr. Q!

David Donahue

Math is my favorite subject at St. John's and Mr. Q is an awesome teacher so I decided to write this article about math. Math is fun already but Mr. Q makes it a lot better. During math class we do a lot of multiplying, dividing, and STOYRTELLING !!!!!!! He read us Charlie and the Pie Chart.

Mr. Q is the best math teacher ever because he yells NOTES when he wants us to take notes and always finds a way to make math exciting. I'd rate math class with Mr. Q a 10 out of 10.

October Fest

Kiara Farrar

I was recently in a horse show called October Fest. I was featured a part of the show called Leadline. Leadline is when you have a teacher hold a rein on your horse as you trot so you are not alone. When I lined up I went into form as the judge examined my form and asked me questions. He told me that my horse, Lucas, and I won SECOND PLACE! Because I was in second place, I was selected to do a victory run!

Video Game Corner

This is where we will describe our favorite video games! Let us know if you have any requests!

Leo Schroeder and John Garuti

Super Mario Maker- is an R.P.G. sandbox that lets you create your own classic Mario games, play other people's levels, and play Nintendo-created levels. You start out with the basic tools and every day you unlock more stuff.

Minecraft- Launch into a first person/third person blocky world where you can either survive for the fun of it, or let your imagination run wild. Start with nothing, and go to having full diamond armor and a diamond sword.

Madden 16- is a football game where you can make your own personalized team, face head-to-head with other players, or draft unstoppable players. Start with a couple of rookies, and turn it into a bunch of juggernauts.
