

January 30, 2019 was our annual 8th Grade Science Fair. It was wonderful see every class at SJS attend to see the wonderful result of the projects that this class has been working on for several months. Although every student worked hard and deserved kudos, the following were our winners based on judges from various science communities who volunteered their time to listen to and ask questions of every 8th grader.

First Place went to Nicco DiChicco for *Ashes to Ashes/Dust to Dust*

Second Place went to Leo Schroeder for *The Effects on RetroSpect*

Third Place went to *Branae Craveiro* for *Color Confusion*

Honorable Mention Awards were given to:

Alannah Anderson for *Fizzology*

Megan Danjou for *Robo-Mazin'*

Alexandra Lagonakis for *Electric Flow*

Madison Reilly for *Know Your H2O*

Lucas Williams for *Shocking Latex*

Abigail Spooner for *Tutti Frutti*

Way to go Eighth Graders!
